ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series*:

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith

Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

FIRST NATIONS WATER RIGHTS REPORT

BAND: Whispering Pines
ADDRESS: RR 1 Comp 4 Site 8, Kamloops B.C., V2C 1Z3
CHIEF: Richard L. LeBourdais
PHONE: 579-5772 **FAX:** 579-5772
AFFILIATION: Shuswap Nation Tribal Council

LOCATION:

The Whispering Pines Band occupies three reserves in the Interior Plateau region of the province, north of the city of Kamloops.

The reserves are:

- Clinton 1 - approximately 68.87 hectares in size, located northwest of the town of Clinton.
- Kelly Creek 3 - a 1.4 hectare reserve located adjacent to the Fraser River, north of the Pavilion reserve.
- Whispering Pines 4 - a 495 hectare reserve located on the right bank of North Thompson River, approximately 8 miles north of Heffley Creek.

The Whispering Pines Band formerly occupied additional located adjacent to the Clinton-Lillooet Road, approximately 2 miles northeast of Kelly Lake. The reserves were known as Clinton Reserve 2 and Clinton Reserve 2A. In the early seventies a deal was negotiated between the Band and BC Hydro which saw the reserve lands exchanged for the lands encompassed by the reserve currently known as Whispering Pines 4.

Located on the Interior Plateau, Clinton 1, Kelly Creek 3 and Whispering Pines 4 sit at elevations ranging from 1000 to 1300 feet above mean sea level, and experience a climate with average daily temperatures which range from -10 degrees centigrade (January) to 20 degrees centigrade (July). Average rainfall totals for the area range from 30 to 50 centimetres, annually.

The most recent population figures compiled by the Ministry of Finance report that the Whispering Pines Band has a population of 61 persons living on-reserve as registered members. Its total population, including registered and non-registered members living

on-reserve, on crown land and off-reserve, is 98. Water courses of significance include:

- **Clinton Creek:** located east of Clinton Reserve 1, flows southeast and drains into the Bonaparte River.
- **Gabriel Creek:** flows south through the middle of Clinton Reserves 2 and 2A, and drains into Cutoff Valley Creek.
- **Kelly Creek:** flows west, through the south portion of Clinton 2, and drains into Kelly Lake.
- **North Thompson River:** flows south, through Whispering Pines 4. The North Thompson River drains into the Thompson River at Kamloops.
- **Porcupine Creek:** located west of Clinton Reserves 2 and 2A. Porcupine Creek flows southeast, and drains into Kelly Creek.

WATER ALLOCATIONS:

The water rights of the Whispering Pines Band have been determined by 5 actions of government over the years:

- 1) Allotments by Indian Reserve Commissioners (IRC).

Following confederation, the Province and the Dominion established an Indian Reserve Commission to reserve lands for the Indians and to facilitate the transfer of the lands in question to the Dominion. In setting apart lands for reserves, the Reserve Commissioners made it their practice to allot water in conjunction with the land. This practice was unique among Indian Reserves in Canada and the authority of the Commissioners to allot water rights has been disputed by the Province since.

In addition to water rights, the IRC made an allocation granting fishing rights to the Clinton (now Whispering Pine) Indians. This allocation is outlined under the "Other Information" section of this report.

- 2) Lieutenant Governor in Council (LGiC) approvals, through the issue of Order's in Council, (OIC) granting water rights.

One of the allocations approved by the LGiC for the Whispering Pines Band, granted by OIC, is vague with regard to the water source and the particular reserve on which the water was to be used. This portion of the Order in Council is outlined under the "Other Information" section of this report.

- 3) Determinations of the Board of Investigation under the *Water Act, 1914* with respect to claims filed by the Department of Indian Affairs. In it's rulings the Board often recommended the issuance of water licences.
- 4) The granting of water licences in response to Federal Government applications requesting authorization for the use of water on reserve lands.
- 5) Actions to amend, cancel or record as abandoned rights under licence pursuant to provisions in the *Water Act*.

HISTORY, CURRENT STATUS, AND NOTES:

There is no evidence that indicates that water rights have been granted to the Whispering Pines Band with respect to Kelly Creek 3.

The history of water rights, the current status of rights and notes for the Whispering Pines Band with respect to the water sources on Clinton 1 and Whispering Pines 4 Reserves, and exchanged reserves, Clinton 2 and Clinton 2A are as follows:

CLINTON #1

Clinton Creek

History:

July 30, 1881 A Minute of Decision (MOD) of the Indian Reserve Commission constituting Clinton Reserve #2, recorded the following:

"The unappropriated water of Clinton Creek..."

Current Status:

There are no water licences on Clinton Creek for the benefit of the Whispering Pines Band.

A total of 47 licences are reported on Clinton Creek. Of the 47 licences:

- 1 authorizes the diversion of 1,000 gallons a day for stock watering purpose.
- 40 authorize the diversion of water for irrigation purposes, for a total quantity authorized of 940.10 acre feet per annum.
- 1 authorizes the diversion of 1,000 gallons a day for incidental domestic purpose.

- 4 authorize the diversion of water for waterworks purposes, for a total amount authorized of 124,611,000 gallons a year.
- 1 authorizes the diversion of 1,000 gallons of water a day for domestic purpose.
- 2 authorize the storage of water in support of diversion licences, for a total quantity authorized of 309 acre feet per annum.

*Note: Some licences authorize the use or diversion of water for more than one purpose.

The Water Rights Information System indicates that a possible water shortage exists on Clinton Creek in August and September.

The Water Survey of Canada has two gauging stations on the Thompson River, Station No. 08LF038 (Clinton Creek at Clinton) and Station 08LF064 (Clinton Creek near the mouth). Station 08LF038, Clinton Creek at Clinton, is located nearest to Clinton Reserve 1. Partial streamflow records from this station exist for the period extending from 1923 to 1960. The records report a low mean monthly flow of 0.048 cubic metres per second in September, increasing to a high in June of 0.172 cubic metres per second.

Notes:

1. The 1881 IRC allocation of water from Clinton Creek, for use of the Whispering Pines Band on Clinton #1, has not been formally recognized by the Province.

WHISPERING PINES #4

North Thompson River

History:

Aug 1, 1967

In response to an application submitted by J. Ramon and Juanita Somavia the Comptroller of Water Rights issued Final Water Licence 20035. The licence was assigned a date of precedence of May 11, 1965, and authorized the diversion of 1892.5 acre feet of water a year from the North Thompson River for the irrigation of 757 acres of Lots 260, 802, 803, 35, 1345A and Lots 1 and 2 of Lot 1345, Plan 1712, Kamloops Division of Yale District.

Sept 27, 1972

The Comptroller of Water Rights received notification from British Columbia Hydro and Power Authority that they were the current owners of the Whispering Pines Ranch, to which Final Water Licence 20035 was appurtenant. The Hydro and Power Authority was in the process of a land exchange with the Clinton Band through which the Band had agreed to exchange Clinton Indian Reserves #2 and #2A for Whispering Pines Ranch.

Mar 6, 1974

Having received an application for a Change of Works on Final Water Licence 20035, the Deputy Comptroller of Water Rights issued an Order authorizing the construction of new diversion structures, a pipe and sprinkler system.

Current Status:

There are a total of 171 licences and 4 applications on North Thompson River.

Final Water Licence 20035 (25th in priority) is the only licence on the North Thompson River for the benefit of the Whispering Pines Band.

Water Survey of Canada has streamflow records for three different gauging stations on the North Thompson River, Station 08LB022 (North Thompson River near Barriere), Station 08LB064 (North Thompson River at McLure) and Station 08LB047 (North Thompson River at Birch Island). Station No. 08LB064 (North Thompson River at McLure) is the nearest gauging station to Whispering Pines #4, that has recent streamflow data. The station's records date from 1958 to 1990 and show a low mean monthly flow of 81.2 cubic metres per second in February, increasing to a high in June to 1,360 cubic metres per second.

Notes:

1. There is no additional information with respect to the water rights of the Whispering Pines Band on North Thompson River.

EXCHANGED RESERVES CLINTON #2 & 2A

Gabriel Creek & Porcupine Creek

History:

July 30, 1881 A Minute of Decision (MOD) of the Indian Reserve Commission, constituting Clinton Reserve #2:

"The unappropriated water of ... Sawmill Creek..."*

**Note:* Sawmill Creek has since been renamed Gabriel Creek.

June 11, 1920 The Board of Investigation, held a final hearing, pursuant to the *Water Act 1914*. During the hearing the Board determined that a valid water record affecting the claim of the Clinton band's rights to use of the waters of Porcupine (Kelly) Creek and Gabriel Creek was made under the authority of an Act passed prior to the 12th day of March, 1909. The Board issued an Order (Board Order 5737), which recommended that a conditional licence be issued based on the following terms:

- (i) provide for the diversion of water from Porcupine (Kelly) Creek and Gabriel Creek;
- (ii) take precedence from the 23rd day of February, 1891; and
- (iii) authorize the diversion of a maximum of 840 acre feet of water a year for the irrigation of 280 acres of Clinton Indian Reserve (No. 2 Clinton), provided that 2,000 gallons of water a day throughout the year could also be used for domestic purpose.

Apr 24, 1924 In response tot Board Order 5737, the Comptroller of Water Rights issued Conditional Water Licence 7350.

Feb 2, 1935 In accordance with a notice of proposed cancellation the Comptroller of Water Rights canceled Conditional Water Licence 7350. The cancellation resulted because the Band failed to construct the works required under the licence within the time stipulated. Further details surrounding the cancellation of Conditional Licence 7350 are unknown, as the file associated with Conditional Water Licence 7350 was destroyed.

Sept 2, 1947

In response to an application filed by the Director of Indian Affairs, the Comptroller of Water Rights issued Final Water Licence 12654. The licence was assigned a date of precedence of July 15, 1946, and authorized the diversion of 88.5 acre feet of water a year from Gabriel Creek for the irrigation of 35.4 acres of Clinton Indian Reserve No. 2.

In it's original application Indian Affairs requested authorization for the right to divert 150 acre feet of water a year; however, a lesser quantity was authorized with the issue of Final Water Licence 12654, as it was determined to be sufficient for the proposed irrigation area.

Nov 5, 1974

After receiving notification from British Columbia Hydro and Power Authority that they had purchased the lands within Clinton Reserve #2, the Comptroller of Water Rights transferred Final Water Licence 12654 to B.C. Hydro's name.

Current Status:

Gabriel Creek

There are no water licences on Gabriel Creek for the benefit of the Whispering Pines Band.

Final Water Licence 12654, in the name of B.C. Hydro and Power Authority, is the only licence on Gabriel Creek.

Water Survey of Canada has no streamflow records for Gabriel Creek.

Porcupine Creek

There are no water licences on Porcupine Creek for the benefit of the Whispering Pines Band.

Currently there are 13 licences and one application on Porcupine Creek.

Porcupine Creek is noted on MELP stream registers as fully recorded for irrigation purpose unless storage is provided.

Notes:

1. Final Water Licence 12654 was consistent with the 1881 IRC allocation from Gabriel (previously named Sawmill) Creek, made with respect to the Whispering Pines Band. However, the Whispering Pines Band no longer occupies Clinton Reserve #2 as it was exchanged for other lands with B.C. Hydro.
2. The Whispering Pines Band no longer owns the land (Clinton #2) to which the canceled licence Conditional Water Licence, number 7350, was appurtenant.

Kelly Creek**History:****July 30, 1881**

A Minute of Decision (MOD) of the Indian Reserve Commission, constituting Clinton Reserve #2 recorded the following:

"... 100 inches from Kelly Creek have been reserved for the use of the Indians."*

Jan 9, 1891

By Order, the Lieutenant Governor-in-Council authorized that a grant of water rights be made in favor of the Whispering Pines Band. The Order stipulated the following:

"One hundred inches of water from Kelly Creek, to be diverted at a point 400 yards above the crossing of the Dog Creek and the Clinton wagon roads, and to be conveyed by a proposed ditch on to the 9-Mile Post Reserve."*

It is assumed that this allocation was for the Clinton Reserve #2, as Kelly Creek runs through this reserve.

This grant of water, was noted as being subject to existing records.

***Note:** The reference to an inch of water is understood to be a "miner's inch" of water. The *Water Act 1914* defined a miner's inch as being equal to a flow of .028 cubic feet per second. This rate of flow calculated over a 120 day irrigation season converts to the equivalent 6.664 acre feet for each miner's inch.

Oct 1, 1947

In response to an application filed by the Department of Indian Affairs the Comptroller of Water Rights issued Conditional Water Licence 18030. The licence was assigned a date of precedence of

July 15, 1946 and authorized the diversion of 15 acre feet of water a year from Corner Brook* for the irrigation of 7.5 acres of Clinton Indian Reserve No. 2.

*Note: Corner Brook has since been renamed Kelly Creek.

In it's original application Indian Affairs had requested authorization to divert 90 acre feet of water per annum from Kelly (Corner) Brook; however, Conditional Water Licence 18030 authorized only 15 acre feet. This volume was determined to be sufficient for the proposed irrigation area.

March 1, 1952 The Comptroller of Water Rights issued Final Water Licence 14601 to the Director of Indian Affairs. Final Licence 14601, issued in substitution of Conditional Water Licence 18030, was given a date of precedence of July 15, 1946, and authorized the diversion of 14.6 acre feet of water per annum from Corner Brook for the irrigation of 7.3 acres of Clinton Indian Reserve No. 2.

A lesser quantity of water was authorized with the issue of Final Water Licence 14601 as it was determined to be sufficient for the specified irrigation area.

Nov 5, 1974 After receiving notification from British Columbia Hydro and Power Authority that they had purchased the land associated with Clinton Reserve #2, the Comptroller of Water Rights recorded Final Water Licence 14601 in B.C. Hydro's name

Aug 27, 1984 Having determined that the source of the water-supply was erroneously stated, the Deputy Comptroller of Water Rights amended Final Water Licence 14601 to show the source as Kelly Creek.

Current Status:

There are no water licences on Kelly Creek for the benefit of the Whispering Pines Band.

Final Water Licence 14601, in the name of B.C. Hydro & Power Authority, is the only licence on Kelly Creek, above Kelly Lake.

The Water Survey of Canada has no streamflow records for Kelly Creek.

Notes:

1. The authorizations provided in Final Water Licence 14601 on Kelly Creek were consistent with both the 1881 IRC allocations, and with the later allocation made by the Order in Council, with respect to priority. The authorization with respect to quantity was not consistent with the earlier allocations.
2. The Whispering Pines Band no longer occupies the land appurtenant to Final Licence 14601 (Clinton Reserve #2), as it was exchanged for other lands with B.C. Hydro.

OTHER INFORMATION:**Additional Water Records:**

The Minute of Decision of the Indian Reserve Commission, dated July 30, 1881, with respect to the Whispering Pines Band, granted the exclusive right of fishing,

"on both sides of the Fraser river from Lion creek up stream to the High Bar Indian fishery, 1/2 miles below Barney creek. Also the right to fish in Green lake, situated 4 miles East of the 73 mile post on the Cariboo wagon road."

The Order in Council approved by the Lieutenant Governor on January 9, 1891, with respect to the Whispering Pines Band, granted:

"Twenty-five inches of water from a small stream which runs through the Reserve at the 9-mile post, to be conveyed by the present ditch."

*Note: The identity of the stream and the Reserve is unknown.

Alternate Water Sources:**Groundwater Records:**

A review of records maintained by the Ministry of Environment, Lands and Parks (MELP) Groundwater Section found that no wells have been reported on Clinton 1, Whispering Pines 4 or Kelly Creek 3.

As the provision of well information to the Groundwater Section is voluntary, this review should not be assumed to be complete.

Information provided by the Kamloops Office of Transportation and Highways in December 1993 indicates that the water supply on Whispering Pines 4 consists of a piped-in water supply without fire protection, one reservoir, two community wells, and five private wells.

Municipal Water Sources:

The proximity of Clinton 1 to the Village of Clinton, located south of the reserve, presents the potential for water supply to the reserve via connection to the municipal water system.

The Village of Clinton has waterworks licences which authorize the use 124,611,000 gallons a year of water from Clinton Creek. In 1994 the Village experienced a peak daily demand of 3,098,147 gallons of water, well over their authorized maximum daily allowance under their licences. The annual demand however, falls well within their licensed rights.

At this time the potential for water supply to Kelly Creek Reserve 3 or Whispering Pines Reserve 4 from municipal water systems is limited. There are no municipalities located within a reasonable proximity of either of the reserves.

Water Protection Records:

The Water Protection Section has records of a dyke located along the North Thompson River, which borders Whispering Pines 4. The records do not indicate who is currently responsible for the maintenance of the dyke.

Summary of Water Rights Records

Whispering Pines First Nation

Water Source	Priority Date	Reserve Name	File Number	Document Type	Status	Superceded By	Licence PUC/MOD & OIC Allotments	Comments
Clinton Creek	1881/07/30	Clinton #1		MOD			The "unappropriated water of Clinton Creek" (AGBC 590461)	Allocation: Allotments made by the Indian Reserve Commission - not formally recognized by the Province.

Minutes of Decision.

Clinton Indians

No 1.

A Reserve of 225 acres, situated West of the town of Clinton, to the North of, and adjoining Lot 3, Group 5, Lillooet district.

N.W. 1/4
Commencing at the Northern corner post of Lot 3, Group 5, Lillooet district, and running thence due North 60 chains, thence West 40 chains; thence South 40 chains, thence East 20 chains; thence South to the North-western boundary of the said Lot 3, Group 5; and thence in a North-easterly direction on the said boundary to the point of commencement.

Fenced-in Grave yard, situated 11 chains N. 34 E. (magnetic) from the Northern corner post of Lot 3, Group 5, Lillooet district is reserved.

No 2.

N.W. 1/4
A Reserve of about 300 acres, situated between the 3rd and 40 miles posts on the road from Lillooet to Clinton. Commencing

Clinton Indians.

No. 2, - Continued -

Commencing at the North-East corner of Mr. Thaddeus Harper's land, Lot C, Group 1, Gilboct District, and running thence due North 40 chains; thence East 20 chains; thence North 20 chains; thence East an approximate distance of 113 chains to a point due North of the North-East corner of J. H. Flynn's pre-emption; thence due South to said corner to a pine tree marked F and H and Indian Reserve; thence along the Gilboct road in a Westerly direction to a fir tree marked Indian Reserve, the North-west corner of J. R. Flynn's pre-emption; thence due South 20 chains; thence West 70 chains; thence South 30 chains; thence West to the Western boundary of Mr. Harper's surveyed land; and thence North to point of Commencement.

The unappropriated Water
of Clinton Creek, that of Sawmill Creek,
and 100 inches from Kelly Creek have
been reserved for the use of the Indians.

Fisheries.

The exclusive right of fishing
on

Clinton Indians.

— Specimens, — Continued. —

on both sides of the Fraser river from Lion
creek up stream to the High Bar Indian
fishery, 1/2 mile below Barney creek.

Also the right to fish in Green
Lake, situated 4 miles East of the 73 mile
post on the Cariboo wagon road.

Government House, Victoria,

9th January 1891

On the recommendation of the Honourable the
Acting Chief Commissioner, of Lands and Works,

His Honour the Lieutenant-Governor, by and with the advice of
the Executive Council, has been pleased to order, and it is hereby
ordered, that the Assistant Commissioner of Lands and
works for Lillooet District, be, and is hereby, author-
ized to grant the application of Mr William Laing Meason
Indian Agent, for Water Records for the use of the Indians
of the Williams Lake Indian Agency,

provided there be no adverse reasons against
the issue of said Records. -

Clerk, Executive Council.

Report ^{not I.H.}
90
returned to I.H. dept.
10/4/91

On a Memorandum from the Honourable the Acting
Chief Commissioner of Lands & Works, dated 31st December
1890, enclosing a report from the Assistant Commissioner
for Lillicoet District upon the application of Mr Meason,
Indian Agent, for various Water Records for the use of
the Indians under his supervision.

And recommending that the Commissioner be
authorized to grant the application for Water Records in
those instances where no objection exists.

The Committee Advise approval

Chas. H. Polley

President of Executive Council

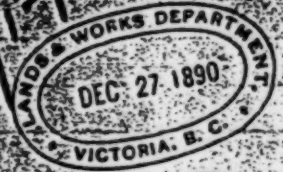

Approved 9th January 1891

Thengabalon
Lieutenant Governor

4108

90

June 3/12/90

(1)

Sir

I have honour to report that Mr. H. Meason Indian Agent, for this District, gave notice, in the Govt. Gazette of March 20th 1890, and also in the Kamloops Sentinel of similar date, of his intention to apply to you for permission to divert and use for the purposes of irrigation on Indian Reserves in this District, certain holes as set out in his Notice of Application.

Mr. Meason now applies for a Record to be made of the various described applications.

The amount of water applied for, in each case, as a rule is very small and with few exceptions are not already claimed by white settlers.

For your reference I have annexed the original copy of notice of intention, and my remarks on each application, and enclose same herewith, awaiting your instructions with regard Record.

The Hon. G. Vernon
Chief Commissioner of H.M.
Victoria

I have the honour to be
Sir
Your Obedient Servant

...is conveyed by the present ditch on to the head of said creek.

FOUNTAIN RESERVE:
 No. 1.—One hundred inches of water from Fountain Creek, to be conveyed at the present ditch head.
 No. 2.—The right to build a dam at the outlet of a lake, situated at the head of Fountain Creek, and at mouth of said creek, and to store the water of the creek in said lake in the spring and fall, when it is not used and run to waste; the water then stored to be conveyed by the creek to the present ditch head, and thence conveyed by said ditch on to the Reserve.

McKENNEY'S FLAT RESERVE:
 Twenty-five inches of water from a spring situated one-half mile east of the Reserve, at the foot of the mountain, to be conveyed, as at present, by a ditch and thence on to the Reserve.

LEGACY RESERVE:
 No. 1.—Twenty-five inches of water from a small stream running through that part of the Reserve situated near Orchard Creek.
 No. 2.—Twenty inches of water from a spring upon the flat of the village.
 No. 3.—Fifty inches of water from Dickson's Creek, to be diverted on the top of the mountain, and conveyed thence into Hory Creek, and thence out again by the present ditch. The water to be conveyed in such manner that the water of Hory Creek shall not be made muddy.

CAYENNE RESERVE:
 No. 1.—One hundred inches of water from Cayenne Creek, to be conveyed by the present ditch on to the Reserve.
 No. 2.—Twenty inches of water from a spring upon the upper flat of the Reserve.

FAVORITE RESERVE:
 Twenty-five inches of water from a spring running through the Reserve.

GARDEN FLAT RESERVE:
 Fifty inches of water from a creek running through the Reserve, to be conveyed by the present ditch.

CHUCK RESERVE:
 Fifty inches of water from the creek running through the Reserve, to be conveyed by the two present ditches.

CHACHUPA RESERVE:
 No. 1.—One hundred inches of water from Hardy Creek, to be diverted at a point below the road, and conveyed by the present ditch on to the Reserve.
 No. 2.—Fifty inches of water from a creek upon that part of the Reserve situated on the east bank of Fraser River, to be conveyed by the present ditch on to the Reserve.

GRAND LAKES MINNESOTA RESERVE:
 No. 1.—Twenty inches of water from a creek running through the Ignace Reserve.
 No. 2.—Twenty inches of water from a spring on the small reserve on the south side of lake, nearly opposite No. 1.
 No. 3.—Fifty inches of water from a creek on the Reserve, one mile west of Mission Village.
 No. 4.—Twenty inches of water from a spring on south side of lake, on a small Reserve nearly opposite the Mission.

SCHLOSS RESERVE:
 No. 1.—Twenty inches of water from a creek running through the Reserve, near the old village.
 No. 2.—Twenty inches of water from a creek upon a high bench of the Reserve, and two miles east from No. 1.
 No. 3.—One hundred inches of water from Portage River, which flows through the Reserve.

NECAIT RESERVE:
 Fifty inches of water from a creek running through the Reserve.

NAQUATONA RESERVE:
 No. 1.—One hundred inches of water from And river, which flows through the Reserve.
 No. 2.—Twenty inches of water from a small creek running through a Reserve on the Portage Road, about three miles from head of Anderson Lake.

BRIDGE RIVER RESERVE:
 No. 1.—Twenty-five inches of water from a small creek running through the Reserve, one mile north of the village on Fraser River.
 No. 2.—Fifty inches of water from Big Creek, adjoining a Reserve on Fraser River about eight miles north of No. 1, to be conducted by a ditch under construction.
 No. 3.—Fifty inches of water from a creek upon the Reserve, and about three miles from the mouth of Bridge River, on the north bank.
 No. 4.—Fifty inches of water from a creek upon the Reserve, on the south bank of Bridge River and about 2½ miles up the river from No. 3.
 No. 5.—Fifty inches of water from Cannon's Creek, upon the Reserve, about six miles up the river from No. 4, and upon the north bank.
 No. 6.—Ten inches of water from a spring upon the Reserve, about four miles from the mouth of Bridge River, and upon the north bank.
 No. 7.—Fifty inches of water from a creek upon the Reserve, three miles from No. 6, up Bridge River, on the north bank.

And above, except No. 2 are all utilized by means of a ditch for irrigating the various portions of the Reserve which are under cultivation.

be conveyed by a ditch and dry water courses into
Baker Creek, and diverted again at same point as No. 1.

CHILCOOT RESERVE, CHILCOOT:

One hundred inches of water from the creek which
bounds the Reserve on the west, to be diverted at the
present ditch head.

ANAHIM RESERVE, CHILCOOT:

No. 1.—Two hundred inches of water from Big
Flat Creek, which flows through the Reserve.

No. 2.—One hundred inches of water from a creek
which flows through the Reserve at the eastern end,
about one mile from No. 1.

Lillooet District.

KASIN LAKE RESERVE:

One hundred inches of water from a creek on the
mountain bounding the Reserve on the north, to be
diverted at the head of the present ditch.

ALKALI LAKE RESERVE:

No. 1.—One hundred inches of water from Alkali
Lake Creek, to be diverted at the present ditch head.

No. 2.—Fifty inches of water from a small creek
running through the Reserve known as Joe Rosetti's
Creek, to be diverted at the head of the ditch which
now conveys said water on to the Reserve.

No. 3.—The right to construct a dam at the outlet
of Harper's Lake, on Dog Creek Mountain, and the
right to the water retained by said dam, to be con-
veyed by means of a ditch, already surveyed, to the
Reserve known as Wycott Flat.

DOG CREEK RESERVE:

One hundred inches of water from Dog Creek, to be
diverted at the heads of the two ditches now used.

CANOE CREEK RESERVE No. 2:

One hundred inches of water from a creek about
five miles east of the Reserve, to be diverted at the
head of the ditch now used.

CANOE CREEK RESERVE No. 1:

No. 1.—Two hundred inches of water from a stream
formed by the overflow in Spring of Lakes, in the
vicinity of R. Valenzuela's meadows, and about 15
miles south-east from the Reserve, with the right to
store said water in a chain of lakes, situate four miles
west of Rocky Spring, and to tap said lakes in order
to convey said 200 inches of water by a dry water
course into Canoe Creek at the upper crossing, and to
take the same quantity of water out of Canoe Creek
by means of the present ditch on the Reserve.

No. 2.—Twenty inches of water from a small stream
running through the Reserve at the village.

HIGH BAR RESERVE:

Twenty-five inches of water from a small stream
flowing through the Reserve, to be conveyed by the
present ditch.

CLINTON RESERVE:

No. 1.—Twenty-five inches of water from a small
stream which runs through the Reserve at the 9-mile
post, to be conveyed by the present ditch.

No. 2.—One hundred inches of water from Kelly
Creek, to be diverted at a point 400 yards above the
opening of the Dog Creek and the Clinton waggon
road, and to be conveyed by a proposed ditch on to
the 9-Mile Post Reserve.

PAVILION RESERVE:

No. 1.—One hundred inches of water from Pavilion
Creek, to be diverted at the head of the present ditch,
and to be conveyed by the same on to the Reserve.

CANCELLATION ORDER

BEFORE THE COMPTROLLER OF WATER RIGHTS:

In accordance with the notice of proposed
cancellation dated 17th December, 1934, Conditional
Water Licence 7350 is hereby cancelled.

DATED at Victoria, B.C. this 2nd day of February, 1935.

Comptroller of Water Rights.

File 2-15-1.

CANCELLED ON SEP 24 1935
W.S. 7-2-35

W A T E R A C T

Section 74

IN THE MATTER OF Conditional Water Licence
No. 7350, dated 24th April, 1934, granted to the
Department of Indian Affairs, authorizing the
diversion of water from Porcupine (Kelly) creek
and Gabriel creek for irrigation purpose on
Clinton Indian Reserve (No. 8 Clinton).

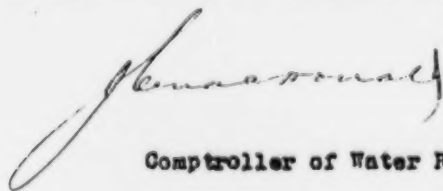

.....

YOU ARE HEREBY NOTIFIED that you have failed to
prove to my satisfaction:

- (a) that the construction of the works authorized
under the above mentioned licence was begun
within the time fixed therefor, and
- (b) that the construction of the said works was
prosecuted with due diligence.

AND YOU ARE FURTHER NOTIFIED that on the 31st day
of January, 1935, I propose to cancel the said Condi-
tional Water Licence No. 10700.

DATED at Victoria, B.C. this 17th day of December, 1934.

Comptroller of Water Rights.

CONDITIONAL WATER LICENCE.

(For an Irrigation Purpose.)

WHEREAS the Board of Investigation, constituted and acting under the "Water Act, 1914," duly held an investigation respecting the water set out in the order No. 5737, duplicate of which is hereto attached, and in the said order directed the Comptroller of Water Rights to issue a conditional licence in respect of the particular record and claim respectively set out therein, and further therein named the terms and conditions to be embodied in the said licence:

NOW, THEREFORE, I, Comptroller of Water Rights of the Province of British Columbia, in pursuance of the said order and in conformity with the "Water Act, 1914," issue this conditional licence, and declare the rights in and to the use of the said waters held under the said record in respect of the said claim to be such as are set out in the said order; and the terms and conditions of the said order and any exhibits which are therewith incorporated are hereby incorporated herewith and form a part hereof. This licence is appurtenant to Clinton Indian Reserve (No. 2 Clinton).

CANCELLED

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Porcupine (Kelly) and Gabriel Creeks

in the neighbourhood of Clinton, in the

Ashcroft and Lillooet Water District.

NOW, on the 11th day of June, 1920, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and

designated as Indian File No. 2-15-1) that a valid water record affecting the said claim was made under authority of an Act passed prior to the 12th day of March, 1909, and that under the said water record the Clinton tribe or band of Indians was granted a right to take and use water from Porcupine (Kelly) Creek and Gabriel Creek, tributaries of Clinton Creek, for irrigation and domestic purposes on the Clinton Indian Reserve, being Reserve No.2 of the said tribe or band.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The sources of the water supply are **Porcupine (Kelly) Creek and**

Gabriel Creek, tributaries of Clinton Creek.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date ~~at~~ ^{from} which the said licence shall take precedence is

23rd February, 1891.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered,

is **840** acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully

altered is **3** acre-feet: Provided that where sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used **on the Clinton Indian Reserve (No. 2 Clinton) of which 280**

acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, **1924**, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, **1930**.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(1) The nature and the extent of the incidental uses permitted under the licence are: For

domestic purposes, the use of.....2,000.....gallons a day of water from any or
all the said sources of supply during the whole of the year; and for storage purpose, such
quantity of water (not exceeding.....acre-feet)
as, together with the natural flow-water used hereunder, will be necessary to secure
to the licensee the quantity granted hereunder. The water which may be so stored shall
be that of and it may be stored (accumulated) in a
reservoir at

.....between the first day of
October in each year and the first day of June in the succeeding year, and may be used
as provided for in subclauses (d), (e), and (f) of this clause, but such uses shall not
enlarge the quantity of water allowed by subclause (c) hereof.

- (m.) The Board may extend the time for the commencement, resumption, or completion of
the execution of the works on being satisfied that it is in the public interest and that it
will not injuriously affect the rights of any licensee.
- (n.) The licence shall not in any way be deemed to be a final licence for the use of water, but
shall have the effect only of a conditional licence issued under Part V. of the "Water
Act, 1914," and shall be subject to all the provisions of the said Act, including the filing
of proof of the completion of the said works and the putting of the water to such beneficial
use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this
order shall govern the respective rights of the record-holders or claimants affected thereby.

Made and entered this 21st day of April, 1921
